CLASS HISTORY

SCENE: City Swimming Pool, Greenville, N. C.

TIME: June, 1946.

X, Y, and Z, three newly graduated students, are sitting on the edge of the pool dangling their feet in the water and staring morsely at the imposing High School building across the street. If possible to assimilate the emotion, these person should be the picture of rejection looking as though they had lost the proverbial "last friend on earth."

X: (with a nostalgic tremor in his voice) Gosh, to think I'd ever miss that place. When I was there it was like being in jail, but now I wouldn't mind so much being back.

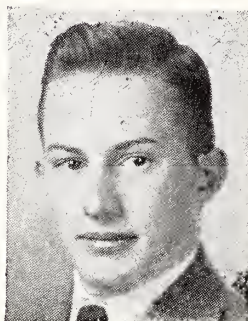

Y: (his face lengthening preceptibly) Yeah, I feel the same way. Crazy, isn't it? You know little things that happened have been drifting through my mind all day—things like the first day in high school, being unable to find my locker, getting used to changing classes, and, above all, seeing the high and mighty seniors holding hands in the halls.

Z: (with a shade of enthusiasm) Do you remember the first time we elected officers? We were in the tenth grade. Lets see, who was president? Jack Whichard, wasn't he? And Lewis Lawrence, "the Falkland Terror," was vice-president. Della Perry was Secretary and Frances Register was Treasurer.

X: (coming out of a trance) The two girls took accelerated work and finished a year early. You remember that year we went into high gear and speeded up the program so boys could graduate earlier and get some college training before being drafted. How many took that accelerated Math and English, about 22?

Z: You're not forgetting the Coronation Ball, are you? Was that a job! The money piled in though. I put up four dollars and fifty-three cents my self and then she didn't win. Who was crowned?

X: I believe it was Betsy Hellen and Thurman Dail. Say, what about the magazine sale in the Junior Class? I felt like a nitwit the first time I tried to sell a subscription. My poor mother never got to read all those I made her take. The competition made it fun, especially after we decided to let the losing side throw a party for the others. Of course, Miss Riddick's room came out on top in that as well as in selling stamps and bonds.

Jack Whichard

Y: Do you remember the hours we spent getting ready for the Junior-Senior? It was a case of "blood, sweat, and tears." The auditorium looked like a real Sherwood Forest, nice and cozy—convenient too You know, I've often wondered whether I remember more about the Junior-Senior dance or the parties that followed—What a night to remember! Home after sunrise. I wonder how many headaches there were in Greenville that morning.

Z: Don't forget the officers who steered us. They were: Jimmy Futrell, President; James Crawford, Vice-President; Ella Frances Viola, Secretary; and Lewis Lawrence, Treasurer.

X: Last year certainly polished off things in fine style. What a scramble—source themes, Shakespeare, selling stationery, annual and the senior play, calling cards, invitations, and caps and gowns.

Z: Don't forget the Christmas program on Sunday evening and the Chapel program when Willie made his annual speech.

Y: I wonder how many people have used that stationery we talked them into buying. We did right well with the sales though.

Z: That Senior play was "Come Rain or Shine." What with sandwiching it in between the Music Festival in Greensboro and Commencement it seemed for a while that it'd never be put on the stage. We lived through it and managed to learn our lines too.

X: The annual was a big job too. Dot Ormond did a pretty good job as editor-in-chief, don't you think? Green Lights perked up a little too. Maybe it was the Seniors on the staff—Lewis Lawrence was Editor; Jimmy Futrell was Managing Editor; and Ella Frances Viola was Business Manager, not to mention the advertising staff.

Z: All in all it was a pretty successful year. Mac Batchelor was President and Jimmy Futrell became Vice-President. Ella Frances Viola kept her old job of secretary while Billy Harrington was made treasurer. He collected so much money that everytime I saw him coming I felt that I had to pay something if no more than a nickel.

X: And to prove that we had a few brainey ones in our class several of them were selected marshals. Dot Ormond was chief marshal and the others were: Jack Whichard, Christine Jordan, Jane Laughinghouse, Alice Joyce Rowe, Virginia Brooks, Lois Brandt, Joe Bowen, Catherine Spearman, Jimmy Glenn, and Lela Nobles, Catherine, Jimmy, and Lela, however, graduated early.

Y: (his gloom returning) Well, it's all over now—commencement—everything. Just think—I wouldn't mind doing it all over again. Crazy, isn't it?

PHOPHECY

Mothball P. Codger threads his way among the countless stacks of almost forgotten lore in the Congressional Library, for the 51,046th time. Suddenly his eyes rest upon a new volume of learning — his old burned-out eyes, along with his corpus, nearly drop out of their sockets as he rests in order to gather strength for the coming test—i.e.: to reach up over his head to procure the publication of the famous periodical, "Who's Who." In due time, his goal attained, Codgie is sitting back in his easy chair cracking the first page

Ed Williams
Prophet

"What can this be," he creaks, as a grain of corn falls upon his lap. "An ill omen, no doubt." (Warning to Readers)

"Who's Who" of 1960—Mothball can hardly believe it—a libros he hasn't read. He thinks, "I'd sure like to know what happened to that class of '46 of G. H. S. (1946, I'd better say—it could be 2046) I guess I'll just look under "U" for unsuccessful or "O" for social outcasts.

As the leaves are flipped to U, sure enough, there appear the names of Class 1946 of the Greenville High School. He begins to "skim through" . . . Barton, —Glass, —Trotman, —Harrington, —Whichard—Oh yes, the principal's son (or was he the principal? Oh, well, my memory's bad)—White—, Yep, they're all here.

(Editor's note) Mothie is the town's eccentric, who spends every-day in the library, "just looking."

Barton, Maie—Warden at San Quentin—promoted from Pitt County jailkeeper by capture of Bobby Clark (which see).

Diener, Frank—Eminent physicist and inventor—designs "Caldonia" rocket ships for teen-agers.

Morgan, Earl—Famous movie star—plays in only Mexican pictures where he makes good use of his "Souse American" accent.

Futrell, Jimmy—Head coach at Duke—his teams have not won a contest since his arrival there.

Cox, Lullah—Cosmetician, representative for Brooks Beauty Products (one item). Husband "Mac" often complains because she is out of town too much.

Evans, Ken—Cook-chief chef at Club El Swindola. His most famous product "Country Stew A la Pontiac" is named after the cars he has worn out. He has had an auto front seat installed in the kitchen so he will be perfectly at home.

Cox, Audrey,
Hathaway, Dora—Dancers at Club El Swindola.

Batchelor, Mac—Orator—at present he is just finishing his great source theme report, "Lou Gherig."

Brandt, Lois—Mrs. Batchelor—she is the only person listening to her husband. As for the rest of the class, they soon got bored and graduated.

Ormond, Dot—Opera star—a celebrated singer, now starring in the rousing "El Tremulo La Vibrator".

Tucker, Florence,
Rowland, Doris,

Whitehurst, Lorraine—Servicewomen, they decided that they weren't seeing enough of their boy friends, so they "joined up."

Oppelt, Joan—Famous blues singer—at one time was noted classic but since "Fut" did her dirt, she really moans low the dirges of despond.

Corbett, Edna—Celebrated pianist, made debut in Carnegie but she had to stop the higher class music because she became deaf, and she played by ear.

Whichard, Jack—Judge of Supreme Court, big man in politics—been married 16 years and has just given his wife her fourth kiss.

Williams, J. T.—Athlete—still going to college on scholarships. At present he is star cricket man for Oxford.

Taft, John—Humorist and gag writer for Broadway stars. Upon seeing T-Bone at Oxford, he commented, "I say, but this isn't cricket."

Baker, Hazel—Sec'y for famous writer—graduate of "Miss Hamburgers" Secretarial School.

Lawrence, Lewis—Preacher and journalist —Reverend Lawrence is editor of the "Falkland Times."

Ward, Jimmy—Sheriff of Pitt County and ABC officer.

(Continued on Page 18)

★ ★ ★ ★ THE GREEN LIGHTS ★ ★ ★ ★

Prophecy— (Continued)

Glass, Ann,

Batchelor, Roy—Mr. and Mrs.; owners of ABC store—they cater by underhand methods to certain old friends. They keep shy of Sheriff Ward. Reverend Lawrence is one of the more steady elusives.

Hardy, Jesse—Bus line tycoon—operates "Southbound" buses from G. H. S. to N. Y. A. center (No, the new high school isn't built yet). Bought fleet of old school buses from Billy Harrington. (which see)

Clark, Bobby—Former noted criminologist—with aid of get-away car, "Black Lightning," devised perfect crime (thought he) but got caught. Lawyer Garrett lost client and case in trial. Convicted by Judge Whichard. (which see)

Mayo, Alton—Big rubber planter—owns all the farms in Pitt County.

Crawford, James—Impersonator—employed at radio station WPLRB as "De Fodders" second.

Sutton, Jimmy—Rubber tycoon—owns Sutton Tire and Rubber Co. of Snow Hill—He decided to reside there and thus save the trouble of going over so often.

Trotman, Joe—Artist—at present he is putting the finishing touches on the PLRB great seal, or coat of arms . . .

Lee, Walter—Businessman, proprietor of Lee Sport Shop which encompasses the entire block on which the great architectural triumph, that magnificent structure, Firestone Hall, stands.

Garrett, Will—Lawyer—inspired to the Bar (don't know which one) by Harrell. Says Willie, "The only reason I took Clark's case was because I thought it had something to do with "White Lightning."

Laughinghouse, Jane—Celebrated artist—her favorite model is:

Howard, John—"The Body Beautiful"—world renowned model for artists, sculptors, etc. Said to have most perfect physique on earth.

Roberts, Rodney—Famous Paris Clothes designer—acknowledged to be one of best dressed men in the world—now in New York displaying his specialty, the "Toute Suit." It has everything.

Renfrew, Linda—Mathematician, Now in China with Missionary school—This genius has all the degrees you can make out of the 26 letters in our limited alphabet—she has begun to take degrees in the 44,449 letters in the Chinese Alphabet.

Brooks, Virginia—Beauty salon owner—has a shop which specializes in peroxide jobs—Has her own special blend of H2 O2 which will make the scalp turn inside out.

Sideris, Xenophon—Track star and all-round athlete—only fault is he's always late at the start. (as usual)

Harrington, Billy—Automobile dealer—also test driver for manufacturer of Sherman Tanks—He takes them on a normal trip with the sports teams, and they are really broken in after that treatment.

Fornes, Evelyn,

Rowe, Alice,

Gray, Ramona—Scrub women at Hollywood bowl at Los Angeles— they were demoted from cashiers because of knocking down.

Parrish, Pat—Housewife—finally married after being engaged 34 times—Phys. Ed. teacher at N. Y. U.—also teaches course, "How to Inhale."

Sawyer, Judy,

Smith, Hazel,

Hudson, Jessie,

Saieed, Gladys—Banded together and formed a club for tired old tycoons—This club, located on the Mezzanine of the State Bank building, is "The Gold-Diggers"—They hope to dig through to pay dirt in the Bank vaults some day—Miss Sawyer directs the floor show.

Stoneham, Opal,

White, Martha—Cigarette girls at a night club—they sell exactly one-half of their wares—the rest they dispose of in their own manner.

White, Julian—Employed at various night clubs to mimic The Honorable Willie Miller, world famous statesman—Jule repeats some of the Rev. Millers more famous talks and quotations, including the famous, "The War of 1812."

Bowen, Joe—Internationally known athlete—Awarded world's most valuable Athlete Cup. The KOTW's got his fine physique from Chuck Atlas, who gave him personal lessons for 5 years after correspondence treatments failed.

Jordan, Christine—Ballerina luminary—shines in "Ballet Russe Tousse de Loose Papoose."

Williams, Ed—One of the most famous soothsayers of all times. Traveled the United States and Europe and South America delving into the future and revealing its mysteries. His famous drums attracted almost as much fame as his prophecies.

Viola, Ella Frances—Accompanied above on all international journeys. Carried his portfolio and pencil, and drove the 1936 Dodge limousine. Inspiration for all his writings.

Parkerson, Betsy Ross—English instructor at La Giggle Institute in the backwoods of Iran. Broadcasts tickle beams across ocean to eager professors of the U. S.

LAST WILL AND TESTAMENT

We, the departing seniors of the class of 1946, after completing our four years of high school life, do from the fullness of our hearts make these last bequests to those remaining, sincerely hoping that they may profit from them:

1. To the Juniors, we leave Mr. Robinson, his little blue Chemistry book, test tubes, Bunsen burners, and hydrogen sulfide. Mr. Robinson, in return bequeaths all his old True Confession magazines to be used in Miss Lewis' Senior English Classes, next year.
2. To the students, at large, we leave the school with its high standards and ideals to be protected and cherished.
3. To our school, G. H. S., our superintendent, Mr. J. H. Rose, and our principal, Mr. O. E. Dowd; we leave our sincere gratitude for their excellent supervision.
4. Romona Gray leaves her quietness to Eleanor Clark.
5. Julian White wills his broadmindedness to up-coming senior Martha Conway.
6. Arthur Lee Hardee leaves engaged—but not to her diploma.
7. Jimmy Ward leaves his 6'3" of height to Bobby Saieed.
8. To Hogan Gaskins, Jane Laughinghouse leaves her sweet disposition in hopes that Hogan will take advantage of his inheritance.
9. Will Garrett leaves his many women at the mercy of the remaining G. H. S. Wolves.
10. Audrey Cox and Alice Rowe leave their commercial studies just in time to survive Dix Hill.
11. Ken Evans leaves—O'Neal Roebuck.
12. To Miss Lewis, Bobby Clark leaves a bust of himself (in the form of a cough drop) symbolizing his earnestness in ridding himself of his never ending (?) colds.

PREVARICATOR

Mr. Rose announced recently the opening of the "Rooftop Terrace," a nightclub on the roof of the high school. He feels that students should have some place to relax after a day at school. The school will provide a band each night and in addition will furnish free cocktails. A special gambling room will be installed for the Senior boys. Membership will be open to all students who have an average of 50 or above. Due to requests of a few old-fashioned parents the club will be forced to close at 3 A. M.

At a recent assembly, the members of the Traffic Committee informed the students that anyone caught leaning on the radiators would be expelled immediately. Mr. Dowd backed up this committee and growled, "The radiators were installed for the exclusive use of the Traffic Committee and we intend to keep it that way! SEE!!!!"

The SCA has unanimously passed a bill providing a sustained salary for each member. They felt they should receive some compensation for using their valuable time at meetings. The rest of the student body gladly pay these salaries out of their own pockets.

After a long hard battle, Mrs. Herring has persuaded the office to purchase new couches for the library. She states, "Naturally, I expect everyone to sleep in the library. After all, the books are just to lend atmosphere." Mrs. Herring, to add to the students enjoyment of the period, plays records of such quiet, sleep-inducing tunes as "Shoo Fly Pie."

The school board has informed the faculty that homework is allowed only in math classes, and the limit there shall be one example. This rule was passed to allow students to enjoy fully, the night life of Greenville.

Even though the traffic committee has been issued clubs, bullwhips, and brass knuckles, a few students still try to go to their locker at the wrong time. These upstarts are sentenced to the solitary confinement cells located under the Little Theatre. These cells are well-stocked with the latest third-degree equipment.

In the opinion of the office, the Monogram initiations have been much too mild.

Twenty copies of "Medieval Tortures and It's Applications" have been purchased for the library in an attempt to have more bloody initiations.

In the new building, to be completed in 1986, there will be a cellar garage for all students who drive to school. Here their cars will be "gassed up" free of charge, as well as being washed and shined each day. In case of motor trouble, Greasemonkeys Dowd and Rose will don overalls and fix the cars themselves.

The new building will also include cubbyholes spaced along the sides of the halls, furnished only with a sofa and Kleenex. These will be for the convenience of the "steady" couples in school.

A new policy on tardies and absences has been adopted by the faculty. Under it, a student who is tardy or absent, judges his own case and sits in only if he thinks he should. The percentage of students arriving at 10 A. M. increased so greatly under this system that the time of the first bell was changed to 10.

As a recent survey in the school showed that many boys did not have cars and had to walk on dates, the school board purchased a fleet of cars for their use. There was a slight delay in the purchase, while the Board decided between Buicks and Cadillacs. A few ultra-conservative members defected the real purpose of the act when they ruled that all cars would be coupes with no back seat.

In the future, all students who average above a 4 will be under college teachers. This will avoid the embarrassment of members of the regular faculty by too many intelligent students.

Due to the glowing tales brought back by the Journalism Class, Mr. Rose has decided that the whole school may spend a week in New York next year.

In a special poll taken by Green Lights, the PLRB's were voted the outstanding club in G. H. S. The organization made its headlines recently when several members spoke on the subject, "We want Prohibition Back." Runnerup in the poll was The Gentleman's Smoking Society of the Radio Room.

BETA CLUB

President Jack Whichard
Vice-President Junius Rose
Secretary-Treasurer Dot Ormond
Adviser Miss Deanie B. Haskett

The first large undertaking of the club this year was the annual Beta Carnival. At Christmas, instead of the habitual basket for a needy family, the organization donated funds to further the education of a young Negro minister.

In March the Beta Club attended two conventions—the district convention at Washington, of which Jack Whichard was president, and the state convention in Winston-Salem.

May 3 the club sponsored a College Day and invited representatives from different North Carolina Colleges, and also the junior and senior classes of nearby schools.

At the ninth grade commencement exercises the Beta Club, for the first time in GHS history, presented an award to the ninth grade student holding the highest scholastic average.

The French Club enjoyed a very successful year under the capable guidance of Miss Imogene Riddick. This group of nineteen members consisting of French students, has met on Monday nights throughout the school year. The club undertook as its major project the play, "The Childhood of Joan of Arc," which was given at the Dramatics Festival in Goldsboro and also on our own stage. At the club's weekly meetings French is spoken as much as possible, which improves both the vocabulary and pronunciation.

MR. ROLAND FARLEY
Boys' Athletic Director

MRS. DAVID PROCTOR
Girls' Athletic Director

With the end of World War II coming to a climax in the summer of 1945, Greenville High School resumed in the '45-'46 school year its first peacetime school athletic program in over four years. The terrible conflict, naturally brought a decline in the caliber of the school's athletics.

However, with the end of the war and the return of former coach Boley Farley, who had answered the call to the colors, the Phantoms soon were to find themselves among the leaders in North Carolina school athletic circles.

A debt of acknowledgment is due Snag Clark for coaching the Green Phantom teams before Coach Farley returned. While serving in the capacity as head coach, Snag's teams made a very creditable record and he will, no doubt, be remembered always by GHS students, local fans and by the players themselves for his wholesome and splendid contribution to the athletic program in the high school.

Under the leadership of Mrs. Proctor, the girls enjoyed a very successful year—a year in which more girls than ever participated in the sports program.

No doubt, judging from indications during the past season, brighter horizons appear in the future for GHS athletics. Yes—Greenville High is on the march.

PHANTOMS END SUCCESSFUL YEAR ON GRIDIRON

Greenville, Nov. 16.—The disappointing tie with Kinston Friday night closed the curtain on one of the most successful football seasons in GHS history.

Out of an eleven-game schedule, the local pigskinners won seven contests, lost three, and tied one.

Goldsboro, who defeated the Phantoms, 7-0, in the season's opener, and New Bern, who edged out Coach Farley's men by the close margins of 18-12 and 7-6, were both topnotch ball clubs. However, in a second meeting with the Goldsboro eleven, the Phantoms crushed them by the lop-sided score of 32-0.

The teams which fell before the onslaught of the Farleymen were: LaGrange, by a 27-0 score; Tarboro, by scores of 32-0 and 33-0; Elizabeth City twice, by the scores of 24-0; Goldsboro, by a 32-0 upset, and 13-0 verdict of Kinston. Kinston tied the Phantoms 13-13 in the last encounter of the season.

The contest Friday night climaxed the football careers of 16 Seniors. Among these who will long be remembered as some of the greatest athletes to wear the Green and White, are: ends, Jimmy Ward and Julian White; guards, Jack Whichard, Bobby Clark, Cleveland Gilbert, and Roy Batchelor; tackles, Lewis Lawrenct, Will ("Stump") Garrett, and Jimmy Sutton; centers, J. T. Williams and Rodney Roberts.

Remembered in the backfield will be: tailback, Billy Harrington; fullbacks, Jimmy Futrell and Xenophon Sideris; blockingback, Mac Batchelor; wingback, Earl (Spooky) Morgan.

Leading the scoring parade of the Phantoms was pass-snatching blockingback, Mac Batchelor, who scored 67 points. The Phantoms scored a grand total of 218 point sagainst 45 for the opposition.

The following is a scoring table of the season's games:

Reserves are essential on any team because regardless of how skilled or enduring, there comes a time when the regulars must give way to substitutions. Coach Farley had good ones during the past season. Pictured on the first row are the boys who played on the second team. They are: Dave Clark, center; Billy White, guard; Henry Turner, center; Jack Whichard, guard; and Julian White, guard. On the second row: Coach Farley, J. Williams, E. ★ ★ ★ ★ THE GREEN LIGHTS ★ ★ ★ ★

Generally speaking, Greenville High School has top notch basketball teams and the season of 1945-46 was no exception.

With ten lettermen returning from the crack '44 squad and the return of Coach Farley, pre-season anticipations were doping the Phantoms as the best school boy quint in Eastern Carolina.

Playing a four-game schedule before the conference play got underway, the local basketeers split a two-game series with two of North Carolina's leading high school teams—Wilmington and Wilson. The Greenies played a superb game when they handed the Wilmington five a 43-42 setback on the Wild Cats' home court. From the defeat the Wilson five dished them in the beginning of the season, they were to go on to run up a fifteen consecutive game winning streak.

After mowing down every quint in the Northeastern Conference twice, the Green Phantoms entered the North Carolina Class B play-off. By bumping off Garner, 34-14, the G-men advanced to Chapel Hill where they met and defeated Sanford, 25-8—thus determining the Eastern Class B winner.

On Monday night, March 18, the Farley men met Sedge Garden, the western winner, in the championship game to determine the State Class B champion.

The game, which was played before approximately 2,000 spectators in East Carolina Teachers College's Wright Auditorium, was a fast and furious battle all the way. It is doubtful whether two teams were ever any more evenly matched. However, the accurate shooting of the Sedge Garden five provided the factor which settled the contest.

Greenville couldn't seem to hit the basket with the regularity which they had done during the regular season and as a result, the Sedge Garden quint, who were by all rights a fine team, traveled back to Western Carolina with the State Class B championship and a 37-36 victory over the Phantoms of Greenville High.

Now, that all is said and done, we must look back on the splendid record fo our gallant band and say, "Well done, boys."

BASEBALL SQUAD

First row, left to right: McRay Bland, Herbert Corey, Jimmy Futrell, Spooky Morgan, Willie J. Lewis, Howard Thigpen, Will Garrett, Cletas Jackson. Second row: Roy Batchelor, L. L. Kittrell, Hugh Hardy, David Pringle, Billy Harrington, Douglas Guthrie, Roscoe Little, Dave Clark, Rex Guthrie, Robert Clark. Coach Bo Farley.

The baseball nine of GHS opened their season's schedule on Tuesday, April 2, when they traveled over to Kinston, and much to the surprise of many, snared a 5-3 victory from the favored Kinston nine.

The local sluggers got their second victory when they won over Tarboro 22-11 in the second contest of the season. However, the Phantoms' undefeated record was shattered by a strong Roanoke Rapids team on April 9, when the superior Jackets crushed the Farleymen by a lopsided margin of 22-1. The Green and White Phantoms bowed to their second straight competitor as they lost to the Kinston Red Devils 16-6, April 18. With Lefty Roscoe Little taking his second victory of the season, the G-Men set back the Tarboro High nine 13-5 on five pretty, well scattered hits. This win brought the locals' record up to three wins against a duo of defeats.

On the afternoon of May 6, the Greenville High baseball team, behind its masterful three-hit hurling of Lefty Roscoe Little, pounded out 13 hits and a 14-1 victory over the Washington Pam Pack in a seven-inning affair played in Washington. The next day, the New Bern Bears came to Greenville and licked the Farleymen, 9-1. The game was filled with errors and walks.

Determined to avenge the pasting the Bears gave them and to rack up the fifth win of the season, the G-Menu journeyed over to New Bern the following Thursday for a night game. They looked like a different ball team as they broke out with the biggest outburst of hits of the season. When the ball game was over and the dust had settled around the diamond at Kafer Park, the score board indicated a 19-4 triumph for the boys of G. H. S.

Since the Annual material had to go to the printers before the end of the baseball season, it was impossible to include a summary of the concluding game of the season. So as it looked at the end of the New Bern game, the locals had amassed a season's record of five wins against three defeats.

The Phantoms were led in hitting during the season by "Stump" Garrett, Jimmy Futrell, Mac Batchelor, Billy Harrington, and Hugh Hardee.

Even though six of the sterling team will be lost by graduation, prospects look bright for next year.

The G. H. S. Track Team enjoyed a fairly successful season. Participating in two meets at State College in Raleigh, the Cindermen finished third in the triangular meet and fourth in the quadrangular meet.

In the State Track meet held at the University of North Carolina, May 11, the Greenies tied for sixth place. In this meet Jimmy Ward placed second in the high jump; Lewis Evans got fourth place in the quarter mile; and Walter Lee took third in the broad jump.

Working out daily at the track at Guy Smith Stadium under the direction of Mr. A. B. Starling, the men interested in track were able to work up a very good team under the conditions prevailing.

The five who will be lost through graduation are: Jimmy Ward, Ed Williams, Walter Lee, Xenophon Sideris, and Julian White.

GIRLS' INTRAMURAL SPORTS

In the fall, on September 17, the girls started off their sports activities for the year by inaugurating a soccer program. Approximately thirty girls took part in the program which was under the leadership of Jean Dail, who was elected head of Soccer. Helen Rowland and Frances Bendall served as captains of the two teams. After three practices the girls buckled down to hard fighting in six games—four of which were captured by Frances Bendall and her powerful team, which acquired the title, "Winners of the Tournament."

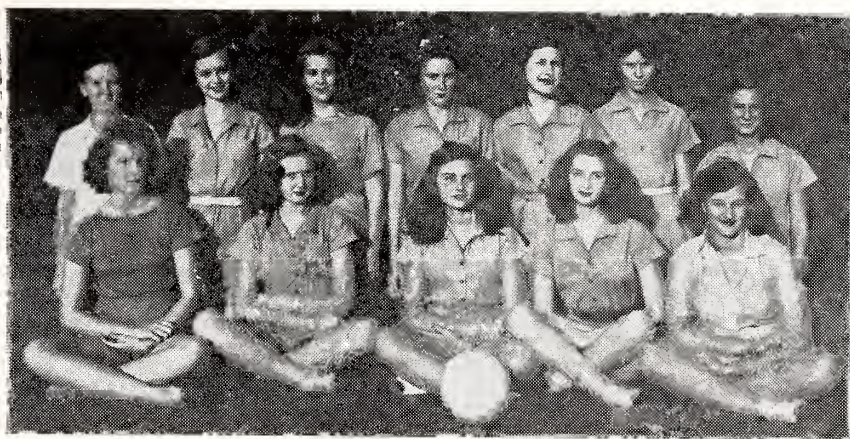

Approximately 50 girls tramped out to begin volley ball practice under the leadership of Barbara Gardner. There were four teams captained by Frances Bendall, Marg. Smith, Pat Parrish, and Ann Beatty. After holding three practices, the teams played six games, four of which were won by Frances Bendall's team, who captured the Tournament.

During the winter ninety-six girls went out for basketball. They were grouped according to classes — Seniors, Juniors, Sophomores, and Freshmen. Ann Beatty was elected head of sports, while four captains were: Joanna Bunch, Freshman; Jean Dail, Sophomore; Barbara Gardner, Junior; Pat Parrish, Senior. The Senior teams won in the round-robin contest. As a favor the girls won gold basketballs.

In the spring a softball tournament was organized with approximately sixty-five girls participating. After four practices the teams—the "Sluggers," under Joyce Ward; the "Surngeroor," under Barbara Gardner; the "Diamond Demons," under Susan Harrington; and the "High Fliers," captained by Joanna Bunch—participated in a round-robin. The "High Fliers" were winners of the tournament. Virginia Speight served as head of softball. Approximately twenty-five girls, under the leadership of Lytle Batchelor, went out for elimination contests in tennis.

COGA

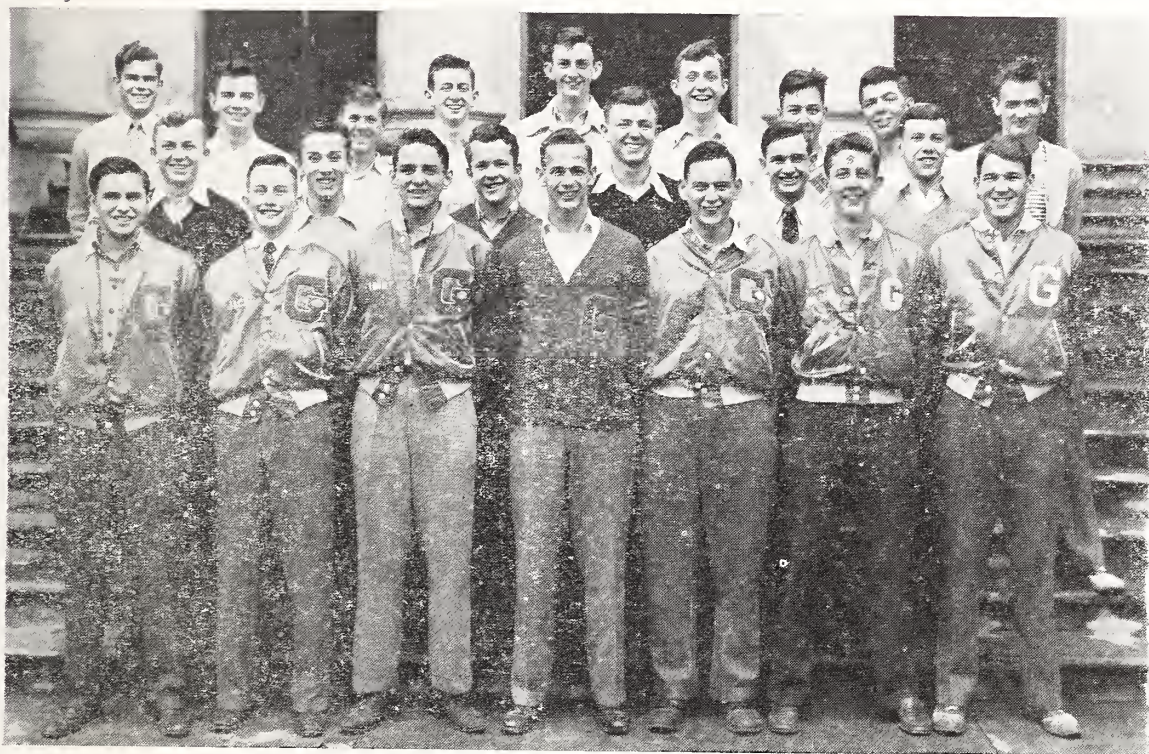

Since many girls interested in sports graduated early, there were only six members of the COGA at the beginning of the year. Eleven new members were initiated in January. The first outstanding event sponsored by the COGAs this year was the annual COGA-Faculty basketball game, which the faculty won for the third consecutive year. Later in the year they sponsored the COGAs dance, at which time "Miss G.H.S." was chosen.

CHEERLEADERS

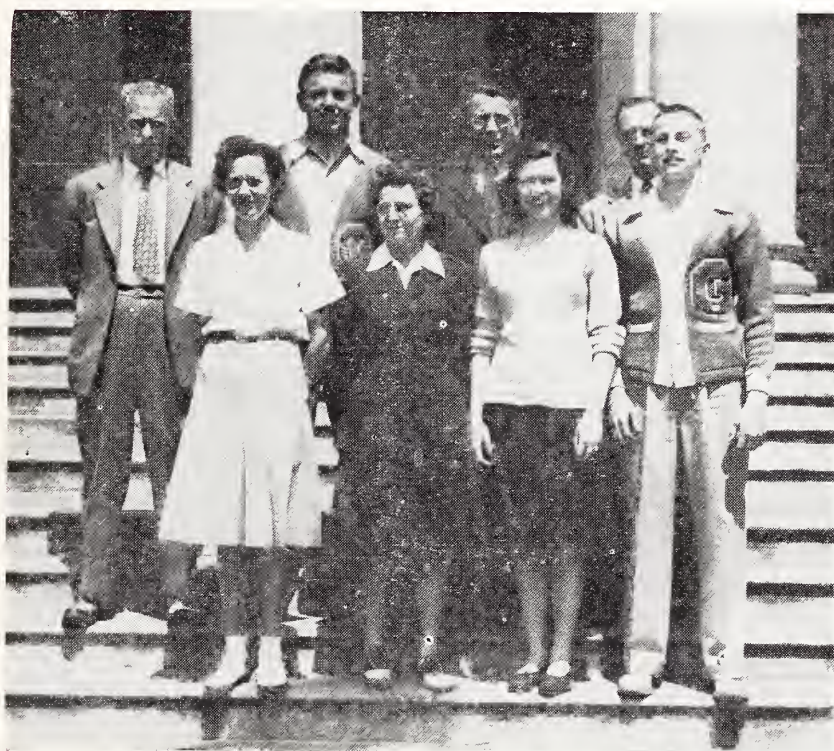

Cheerleaders are a main factor in an exuberant student body and such they were in Greenville High during the 1945-46 year. They were there at every contest or athletic event, always ready to lend their pep and enthusiasm in generating spirit in the students of dear old G. H. S.

Shown above, they are: Esther Corbett, Frances Bendall, Lois Waldrop, Howard Proctor, Carolyn Rowlette, and Pat Parrish. Graham Baker, who is not pictured above, also served as a cheerleader.

"We Call For and Deliver"

CONGRATULATIONS SENIORS

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too:
If you can wait and not be tired by waiting,
Or, being lied about, don't deal in lies,
Or, being hated, don't give way to hating,
And yet don't look too good, nor talk too wise;
If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim,
If you can meet with Triumph and Disaster
And treat those two impostors just the same:
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;
If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much:
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!
—RUDYARD KIPLING.
